Hi,
I'm Andrea Vega.

```html
<h1>Hi,
I'm Andrea Vega.</h1>
<section class="about-me">
  I concept, design, code, prototype and make films.<br>
  I'm a <b>huge</b> open source junkie, absolutely obsessed with<br>
  <u style="blue">Chrome Experiments</u> and recently have delved <br>
  headfirst into <b>UNITY.</b><br>
  I learn by <i>doing</i> and am completely okay with falling flat on my face.<br>
  I'm a little too comfortable with the uncomfortable and credit <i>Tom,</i>from<br>
  Myspace for pioneering my insanely creepy/extremely talented hacking abilities.<br>
  <i>Tinkering</i> isn't a hobby, it's a <u>lifestyle.</u> #DreaSwag
